

HASSANNOOR SHABAN

Software Developer

+254 743723375 • hassannoorshaban@gmail.com • <https://www.linkedin.com/Hassan Noor> • Nairobi, Kenya

Summary

I am a motivated software developer with hands-on experience in Python, and modern web technologies. I am skilled in building full-stack applications using Django and React, developing RESTful APIs, and working with relational databases within MVC architecture. I am committed to writing clean, efficient code and contributing effectively in collaborative development environments.

Experience

Freelancer	Nairobi, Kenya
Freelance Software Developer	09/2023 - Present
Company Description	
- Developed a project management system using Python and Django framework. - Implemented REST APIs to facilitate data exchange between client and server. - Created a user-friendly interface with React to enhance user experience. - Applied MVC architecture and relational database integration to ensure scalability and maintainability.
